MEMORANDUM FOR: Mr. Houston

OGC Subject: RELEASE OF
INFORMATION (not
indexed)

1. For your visit with Ambassador Eisenhower on 6 November, I have assembled the papers as follows:

Tab A. The AP-CIA and AP-ICRC correspondence in reverse chronological order.

Tab B. Three copies of our paper of 1 November on the Guatemalan papers which are the subject of the AP appeal.

Tab C. The proposed Eisenhower to AP letter (three copies).

Tab D. The Tufaro letter to you of 19 October requiring ten copies of the relevant papers.

Tab E. The xerox of the pertinent pages of President Eisenhower's book Mandate for Change.

2. It seems to me at least arguable that the proposed Eisenhower letter to the AP implies that the ICRC has reviewed the documents. See on the second page: "Based upon its review" etc. Is there an inconsistency between this statement and our effort to have the Committee not review the documents? Perhaps the quoted words should be replaced with the words: "Having considered the matter" etc.
